VS Introduces New Soft Series

Movement, style, and comfort are effortlessly achieved with the new Soft chair. The line-up of chairs have a striking design that captures the eye and makes it suitable for a variety of environments. Thanks to the combination of the double-walled polypropylene shell, extra padding, and high-elasticity upholstery, this chair is layered with comfort. Additionally, the optional 3-D rocking mechanism on the PantoMove-Soft caters to the body's need for movement by allowing for movement backward, forward, and to both sides.

Compass-Soft

- Seat shell comprising a blow-moulded plastic core with all-over padding and a tautly knitted 3D fabric cover
- Frame comprising of welded, powder-coated or chrome-plated round steel tube. Optionally as a chair with plastic-covered armrests or as a chair with row connector

Sizing Information

- Seat shell= Size XL (Width= 18")
- Seat Height= 19¹/₄"

Options

- Plastic, felt, 2 component glides, or soft or hard castors
- Arm rests available in models (31384 & 31388 with castors)

PantoMove-Soft

- Gas-spring height-adjustment from 18⁷/₈" to 23⁵/₈"
- Seat shell comprising a blow-moulded plastic core with all-over padding and a tautly knitted 3D fabric cover
- Frame comprising of an aluminium foot star and a gas-filled spring with plastic cover

Sizing Information

- Seat shell= Size XL (Width= 18")
- 5-Starbase= Size XL (Diameter=26")

Options

- Ergonomic 3-D rocking mechanism allowing for movement backward, forward and to both sides
- Plastic, felt, 2 component glides, or soft or hard castors
- Available without arm rests (Mod.#31513)

PantoSwing-Soft

- Seat shell comprising a blow-moulded plastic core with all-over padding and a tautly knitted 3D fabric cover
- Frame comprising of welded, powder-coated or chrome-plated round steel tube. For use under high material load with an extra-stable cross-brace between the skids

Sizing Information

- Seat shell= Size XL (Width= 18")
- Seat Height= 19¹/₄"

Options

- Plastic, felt, 2 component glides

PantoMove-Soft Plus

- Gas-spring height-adjustment from 22" to 30"
- Seat shell comprising a blow-moulded plastic core with all-over padding and a tautly knitted 3D fabric cover
- Frame comprising an aluminium foot star and a gas-filled spring with plastic cover

Sizing Information

- Seat shell= Size XL (Width= 18")
- 5-Starbase= Size XL (Diameter=26")

Options

- Ergonomic 3-D rocking mechanism allowing for movement backward, forward and to both sides
- Plastic, felt, 2 component glides, or soft or hard castors

Network | Compass-VF Upholstered | Series 600 Stand-at Module

Compass-Soft

Compass-VF

Compass-LuPo

Compass

Four-legged chair.

Seat shell options: polypropylene (PP), plywood (VF), partially or fully upholstered, Soft
 Glide options: plastic, 2-c, felt or hard and soft castors
 Options: armrests, fixed or tilting tablet arm, ganging

Network

Single table.

Table tops: rectangular, wedge, half-circular, trapezoidal and angular shapes
 Table heights: fixed heights, stepless or step-height adjustment
 Options: glides/castors, basic and add-on tables + hanging leaves, modesty panels, wire management, grommets

Stand-at Module

Tambour Cupboard

Cupboard

Series 600

Mobile storage.

Construction: various sizes and dimensions, glass, laminated or tambour doors, drawers or open shelves
 Options: with castors, glides or adjustable feet

RondoLift-KF | LiteTable | SitAndStand | PantoMove-VF

RondoLift-ST

RondoLift-KF

LiteTable

Stackable lightweight table.
 Table tops: square, rectangular, half-circle and trapezoid shapes
 Table heights: multiple fixed heights
 Additional: extremely lightweight, stackable, glide elements for hard or soft floors, optionally with 2 castors on legs spaced further apart

SitAndStand

Height adjustable sit-at/stand-at school table.
 Table tops: 4° inclined
 Table heights: continuously adjustable
 Additional: optional single or double bookshelf, satchel hooks, integrated gas-spring with release lever

PantoMove-Soft

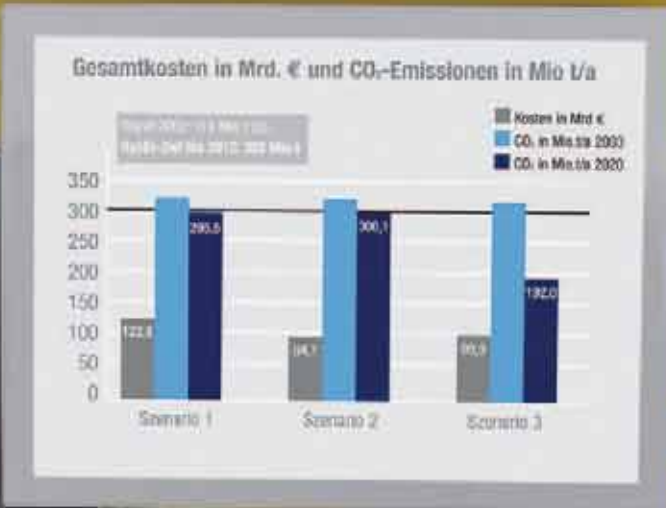

PantoMove-VF Plus

PantoMove-LuPo

PantoMove

Five-star base chair.
 Seat shell options: polypropylene (PP), plywood, partially or fully upholstered, Soft
 Glide options: plastic, 2-c, felt or hard and soft castors
 Additional: optional 3D rocker mechanism, stepless gas-spring height adjustment, armrests, foot ring

MediaPro | FlipTable-RU | PantoMove-VF Upholstered | Series 600 Laptop

MediaPro

Board System.
 Construction: sturdy and light design with anodised aluminium edging and rounded safety corner boards to be easily slid on rail system
 Additional: with multiple combinations of board types and sizes, surfaces, and accessories

FlipTable-RU

FlipTable-TF

FlipTable

Stackable lightweight table.
 Construction: comprising a centrally positioned tubular-steel crosspiece with an articulated bracket. Folding action can be effected with a two-hand safety actuator under the table top
 Additional: when the table top is folded up, any desired number of tables can be pushed together to optimised space and when folded down can be connected together with optional table connectors

Stand-at Module

Tambour Cupboard

Cupboard

Series 600

Mobile storage.
 Construction: various sizes and dimensions, glass, laminated or tambour doors, drawers or open shelves
 Options: with castors, glides or adjustable feet

PantoMove-VF

PantoMove-VF Plus

PantoMove-Soft

PantoMove

Five-star base chair.
 Seat shell options: polypropylene (PP), plywood, partially or fully upholstered, Soft
 Glide options: plastic, 2-c, felt or hard and soft castors
 Additional: optional 3D rocker mechanism, stepless gas-spring height adjustment, armrests, foot ring

Network | PantoMove-VF Plus | Series 600 Catering Module

PantoMove

Five-star base chair.

Seat shell options: polypropylene (PP), plywood, partially or fully upholstered, Soft
 Glide options: plastic, 2-c, felt or hard and soft castors
 Additional: optional 3D rocker mechanism, stepless gas-spring height adjustment, armrests, foot ring

TeamTable

Freely-shaped table.

Frame: consisting of welded round steel-tube legs, a rectangular steel-tube frame and an intermediate shelf of LIGNOpal
 Top: melamine-resin-coated, linoleum-coated or veneered LIGNOpal

Series 600

Mobile storage.

Construction: various sizes and dimensions, glass, laminated or tambour doors, drawers or open shelves
 Options: with castors, glides or adjustable feet

Series 901 | TH-37 Cantilever | Series 800

TH-37 Cantilever

TH-37 Skid

TH-37 Turn

TH-37

Cantilever, skid, four-legged, 5-star base chair.

Seat shell options: firm single-sided or soft all-round upholstery

Glide options: glides for hard or soft floors, disc glides or load-dependent castors with brakes for hard or soft floors (TH-37-Turn)

Additional: stackable, stepless gas-spring height adjustment (TH-37-Turn)

Series 901

Single table.

Table tops: rectangular, wedge, circular, oval, barrel, wedge, curved, and freely-shaped

Table heights: fixed heights, stepless or step-height adjustment

Additional: glides/castors, basic and add-on tables + hanging leaves, modesty panels, wire management, grommets, multiple leg configurations

Series 800

Cupboard program based on the DIN 18000 Euro design grid.

Body: Units are available either fully assembled or knocked-down for field assembled. Multiple units can be combined to form full wall assemblies.

Fronts: are either open (shelves) or fitted with wing, sliding or glass doors as well as tambours or drawers

Additional: optional panels, top covers, adjustable feet, rows of holes or a perforated aluminium section for adjustable shelves, cylinder locks

TH-37 Cantilever | Network | Series 600 Catering Module and Media Rack

TH-37 Cantilever
